Sleep Disorders Institute endorses the Patient's Bill of Rights. It is our expectation that compliance can contribute to an effective program for the patient. Sleep Disorders Institute has adopted the following Patient's Bill of Rights and this has been incorporated as part of the framework for our patient care policies and procedures.

- The patient has the right to considerate and respectful care.
- The patient has the right to obtain complete and current information regarding their diagnosis, treatment, and prognosis in terms the patient can reasonably be expected to understand. When it is not advisable to give such information to the patient, the information should be made available to appropriate person on their behalf.
- The patient has the right to receive information to make informed consent prior to the start of any procedure and/or treatment.
- The patient has the right to refuse any and all treatment to the extent permitted by law, and to be informed of any of the medical consequences of their action.
- The patient has the right to every consideration of privacy concerning their own medical care program limited only by stat statutes, rules, regulations, or imminent danger to the individual or others.
- The patient has the right to obtain information on the relationship of other health care providers involved in their care.
- The patient has the right to be advised in the clinician, hospital, clinic, ect. Proposes to engage in or perform human experimentation affecting their care or treatment. The patient has the right to refuse to participate in such research projects.
- Upon receipt of their statement of charges, the patient may request an explanation of the bill.

All activities of sleep medicine are to be conducted with an overriding concern for the patient, and above all, the recognition of their dignity as a human being.
